FOR CLEANER AND SILKY POOL WATER, JUST ADD SALT.

Your pool is your backyard oasis. Now, you can turn it into a spa-like experience with water that feels smooth and silky to the touch. With the IntelliChlor® Salt Chlorine Generator from Pentair, ordinary table salt is converted into pure chlorine, effectively and automatically. You'll be able to see and feel the difference.

PURE CHLORINE WITHOUT THE DRAWBACKS OF CHLORINE HANDLING.

Provides an alternative to buying, carrying, storing or handling chlorine.

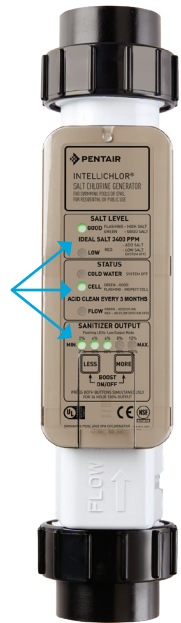

Reduces chlorine spills.

Fewer bleached out bathing suits due to chlorine.

EFFORTLESS CHLORINATION.

Electrolytic chlorine generation is a convenient way to keep your pool cleaner. Simply adjust the control to achieve the desired level of chlorine. IntelliChlor does the rest, automatically producing a steady stream of pure chlorine to help keep your pool water cleaner and clearer. What could be easier?

LED indicator lights for salt level, system status and chlorine output.

Easy operation

Choose from one of five levels. Push the button and you're done.

Intelligent design

Automatic reverse cycling helps prevent scale buildup.

Multiple sizes

Available in four model sizes to fit the chlorine needs of most pools. Your Pentair dealer will help select the appropriate size for your pool.

Automation ready

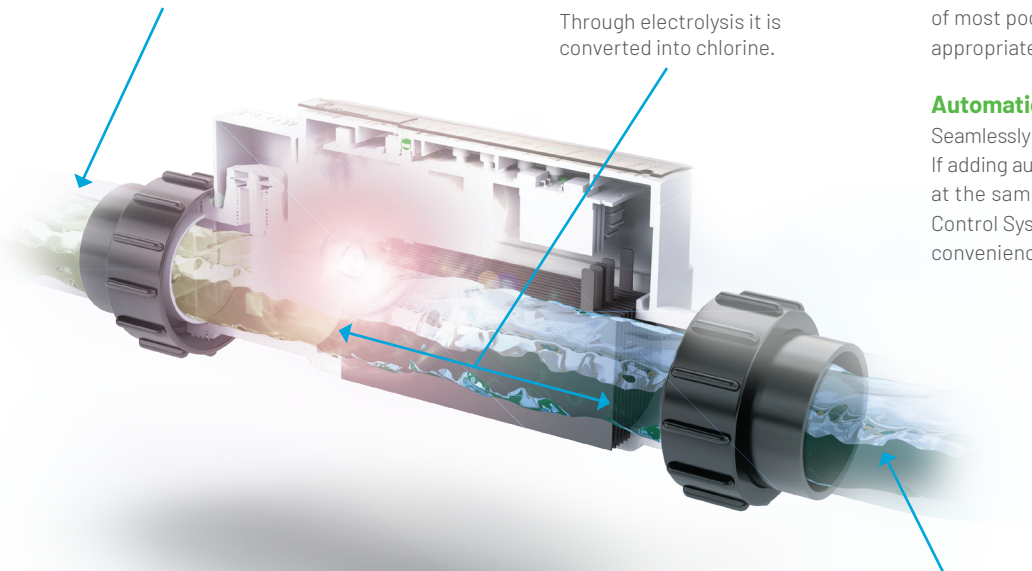

Seamlessly interfaces with Pentair automation systems. If adding automation and a chlorine generating system at the same time, opt for a Pentair IntelliCenter® Control System with built-in IntelliChlor for ultimate convenience.

Water and dissolved salt flow through the generator cell.

Through electrolysis it is converted into chlorine.

Once the chlorine has treated the pool, it reverts back into salt and the cycle repeats.

Chlorinated water is returned to the pool.
